## Instructions to be Āmin

### Essential steps to take when you receive a windstorm disaster warning:

#### Before windstorm disaster:

1. Continue listening to the weather bulletin, the instructions issued by the competent authorities, and the warnings issued about the possible occurrence of the insects that accompany hurricanes. These insects are considered among the worst causes of death
2. Prepare enough equipment before the storm arrives to avoid the lack of time that hinders survival from such an incident.
3. Close the windows well or lock them with a special tape. Practice going to a designated safe shelter for high winds.
4. Keep things secured outside the home that may be blown by the wind, such as: garden equipment and tools, children's toys, pets, and any other things.
5. Work to store drinking water in clean containers and Be ready to live without power, gas, phone, and internet for a long time.
6. Keep a radio and spare batteries for it, because the radio will be the only means of communication.

#### During windstorm disaster:

1. Practice going to a designated safe shelter for high winds
2. Stay away from glass windows and doors.

#### After windstorm disaster:

1. Wear appropriate protective equipment including gloves, goggles and boots.
2. Clean and disinfect everything that got wet.
3. When cleaning heavy debris, work with a partner. Make sure that you have proper training before using equipment.

### Essential steps to take when you receive a flood disaster warning:

#### Before flood disaster:

1. Prepare an Emergency Kit: Include essentials like water, food, flashlight, batteries, first aid, medications, important documents, cash, and blankets.
2. Make a Family Emergency Plan: Establish meeting points, communication strategies, and response plans
3. Protect Your Property: Elevate appliances, waterproof basements, and install sump pumps
4. Stay Informed: Monitor weather forecasts and sign up for this website to receive warnings.

#### During flood disaster:

1. Stay Informed and Follow Instructions: Use a weather radio and follow evacuation orders.
2. Move to Higher Ground: Avoid flood-prone areas and move to higher levels.
3. Do Not Drive Through Floodwaters: Avoid driving or walking through floodwaters.
4. Avoid Contact with Floodwater: It may be contaminated.
5. Turn Off Utilities: Shut off gas, electricity, and water if instructed.

#### After flood disaster:

1. Return Home Safely: Only return when authorities say it's safe and avoid flooded areas.
2. Inspect Your Home: Check for structural damage and hazards.
3. Document Damage: Take photos and videos for insurance claims.
4. Clean Safely: Wear protective clothing, disinfect, and remove wet items
5. Prevent Mold Growth: Use fans, dehumidifiers, and clean all surfaces.
6. Seek Assistance: Contact disaster relief services and apply for aid.
7. Take Care of Your Health: Seek medical and mental health support as needed.
